## ABOUT YOUTH360

Youth360 promotes positive youth development by shifting how we build youth programs and how we work with youth away from managing risks to building strengths.

## OUR VALUES

- Youth are resources to be built not problems to be solved
- All young people deserve access to people, setting and experiences that facilitate positive development
- All young people have the potential to thrive

## YOUTH360 AND YOUR MOSQUE

Youth360 helps **unlock the extraordinary power of your community** by organizing around the shared belief that all youth have the potential for positive growth.

Youth360 intentionally engages and supports your children's development at every turn to enhance their health and well-being through opportunities for **Belonging, Inspiration, and Engagement** that bring Islam to life with meaning.

## OUR APPROACH

Our Youth360 program employs **Positive Youth Development (PYD)**, a pro-social approach, which focuses on building strengths for young people to develop into successful and healthy adults who are caring, responsible and productive members of their society.
